

AMERICAN INSTITUTE OF ARCHITECTS Continuing Education System

AIA/CES Registered Provider Program Summary

Course Description

A one-hour tour of the manufacturing process of MSV, including detailed overview of accreditation, production, packing, storage, and transportation.

Learning Objectives

- See how manufactured stone veneer is made to replicate natural stones.
- Understand the different accreditations that apply to manufactured stone veneer and how they translate to increased performance and aesthetics.
- Walk through the steps of the manufacturing process and experience the required safety measures.
- Learn about the packaging, storage, and transportation aspects of manufactured stone veneer.

Target Audience

Architects, owners, specifiers and other design professionals in the residential, commercial, or multi-family housing markets.

Instruction Method

Facilitator may use a PowerPoint presentation or handouts, depending on audience size.

Audio Visual Required

A screen and electrical power are required. The facilitator will provide laptop and projector, as necessary.

Facilitator Qualifications

All facilitators will be Westlake Royal Stone Solutions sales personnel, who have undergone training on CES guidelines and presentation skills.
